Coating	25-micron polyester lacquer, both sides
Resistance	High resistance to corrosion and UV rays
Manufacturing	Made to measure (length and height)
Slats	Fixed
Fastening	No visible fasteners
Standard colors	RAL 9005 · RAL 7016 · RAL 7022 · RAL 9006 · RAL 9003
Optional finishes	Any RAL color with surcharge
Certification	ISO 9001:2015

We manufacture made-to-measure powder-coated aluminum ventilation grilles for façades and interior spaces. The fixed slats guarantee permanent, effective ventilation with no moving parts. The mounting system hides the anchor screws for a clean, professional finish. Powder-coated aluminum alloy with a 25-micron polyester lacquer resistant to corrosion, UV rays and thermal variations.
